Cattells Home From India After 18 Years

Council Moores Bound For Formosa

THE WORLD THROUGH MISSIONARY EYES—Home from India, and leaving soon for Formosa in the interest of the mission board of the Ohio Yearly Meeting of Friends is the story of the people in the above picture. Shown from (l. to r.) are Dr. and Mrs. E. R. Cattell, their son, David, 23 and daughters, Barbara, 18, and Mary Catherine, 8, home from Chhatapur, India where Dr. Cattell was superintendent of the India Field Council, an on the staff of Friends American Mission there for 18 years. David has attended Hiram College for the past four years. Continuing (l. to r.) are Rev. Howard Moore, Mrs. Moore and their children, Darlene, 5, and Wesley, 2, who sail Sept. 3 from San Francisco for Formosa as missionaries there for the next six years.

Eighteen years of Christian missionary work on a foreign soil for the Ohio Yearly Meeting of Friends qualifies Dr. and Mrs. Everett R. Cattell, home on furlough from India, as advisors to Rev. and Mrs. Howard Moore of the East Goshen Friends Church who will leave Aug. 28 for the island of Formosa. Rev. and Mrs. Moore, with their children, Darlene, 5, and Wesley,

2, will sail from San Francisco Sept. 3 on the S. S. China Bear, thus completing a ministry of four years and two months at the East Goshen Church.

Rev. Moore will preach final sermons here Sunday.

Communist Chinese threats to attack Chiang's Nationalist Chinese stronghold on Formosa haven't deterred the young Friends minister

from his desire to go to Formosa to convert the Chinese to the Christian way of life. He is 29 and his wife 28.

Dr. Everett Cattell, his wife Catherine, and their children Barbara, 18 and Mary Catherine, 8, arrived in Damascus last Friday from Chhatapur, India, where the

World's Leading Churchmen Meet

46 Nations Send Delegates To U.S.

EVANSTON, Ill. (P)—Church leaders from 161 Protestant, Anglican and Orthodox denominations in 48 countries tomorrow open the second General Assembly of the World Council of Churches.

The Assembly, to continue to Aug. 31, has been called the most important religious event ever held in the United States.

The 1,500 delegates, consultants and accredited visitors to the Assembly, the first since 1948, represent nearly 170 million persons. The membership includes 31 denominations in the United States.

Roman Catholics are not represented at the Assembly. But the W. C. C., founded at its first World Assembly in Amsterdam, comprises churches on every continent and in countries representing almost every political allegiance.

The main theme of the Assembly will be "Christ—the Hope of the World." Under this general heading, the Assembly will survey the problems and responsibilities confronting the church in six particu-

Police Seek Clues In Girl's Slaying

TOLEDO, Ohio (P)—Officers trying to get a lead on the man who raped, beat and stabbed a high school girl to death planned today to question a 17-year-old boy who lives near the woods where the girl's body was found.

Capt. Alfred Bartkowiak of the Lucas county sheriff's office said the youth lives less than a mile from the spot where auburn-haired Mary Jolene Freiss, 17, was dragged from her bicycle and killed Thursday.

He said detectives will compare the boy's fingerprints with some found on Mary Jolene's bicycle. The lad, unidentified by officers, told deputies he returned from summer school Thursday morning and was working on a tractor near his home at the time the girl was killed.

Police believe the man who killed Mary Jolene was scratched in a fight with her. A Toledo Times reporter said he didn't see any scratches on the boy's face.

Mary Jolene's blood-spattered and nearly nude body was found by Mrs. George Bond, wife of the girl's guardian, and two other women after they became alarmed at her failure to return from a trip to their rural mailbox.

Police said Mrs. Bond was threatened with the same fate as Mary Jolene by someone who telephoned her yesterday.

Three Drivers Cited After Road Mishaps

Three persons were arrested as a result of four traffic mishaps that occurred on highways in the Salem vicinity yesterday, state highway patrolmen report.

Miss Barbara Stoner, 25, of New York City was cited for failure to yield the right of way following a collision at the intersection of Routes 30 and 644 in Kensington at 6:30 p.m. yesterday. According to patrolmen, Miss Stoner failed to halt for a stop sign, causing her car to strike an auto driven by Miss Vilda Hall, 25, of Kensington.

Another driver, Edward Diem, 27, Port Huron, Mich., was arrested for passing without the assured clear distance when his truck forced an auto driven by Clarence Pyles, 39, of East Palestine, into the side of a bridge.

Diem, westbound on Highway 170, attempted to pass another vehicle, forcing Pyles' eastbound auto to strike the bridge to avert a collision. The accident occurred at 10 p.m. yesterday near Unity.

Thomas Russell, 53, of Detroit, was cited for reckless operation after his auto collided with a car driven by Julius Maurer, 31, of Philadelphia, on Route 14, one and one-half miles east of Salem at midnight yesterday. Traveling east, Russell's auto came around a curve on the wrong side of the highway and struck the westbound Maurer vehicle, patrolmen said.

An auto driven by Paul Davis, 19, of Akron, sustained considerable damage when it was sideswiped at 11:20 p.m. yesterday on Route 14, one mile north of Salem. According to patrolmen, the driver of the other car didn't stop and could not be identified.

151 Boys To Race In Soap Box Derby

Gilbert Fennell of East Palestine, Salem's entry in the 17th annual All-American Soap Box Derby in Akron, will oppose 150 other boys in that race Sunday competing for \$15,000 in college scholarships.

Today the boys, ranging in age from 11 to 15 years, are guests at a Chamber of Commerce luncheon at which top Akron industrialists and businessmen will serve as waiters.

The 975.4-foot strip on which the cars will race has been newly resurfaced. Its grade has been calculated to keep the speed of the coasting vehicles to a limit of 30 miles an hour.

All boys who raced in the Salem derby will be taken to Akron to see the national race. They will be seated in box seats at the finish line.

Senate Broadens Social Security Benefits Increased, More Are Covered

WASHINGTON (P)—Moving with unaccompanied speed, the Senate voted last night to broaden social security coverage to another 6,700,000 workers and to boost both benefits and the payroll taxes that pay for them.

Sen. Knowland of California, the Republican leader, said in an interview he expects a Senate-House conference committee to compromise quickly various differences so the bill can be sent to President Eisenhower, who has placed the legislation high on his "must" list.

Though the House and Senate versions of the social security bill differ in places, they also agree in most important respects.

As passed, benefits would be boosted an average of \$6 a month for 6 1/2 million persons now on the social security rolls. The annual amount of wages subject to social security taxes would rise from \$85 to \$108.50. For a couple, the maximum would climb from \$127.50 to \$172.50.

The two houses parted company on restriction of supplemental earnings by retired folks.

The House voted to allow social security beneficiaries to make up to \$1,000 a year, compared with the present \$75-a-month limit, without being penalized. The Senate put the top at \$1,200 a year and agreed to include in these earnings only what is received under employment covered by the social security laws. The House Bill

Aldom, Cranmer To Make Columbus Trip

Council President James Aldom and Mayor Dean B. Cranmer will travel to Columbus Monday to see Ray White, secretary to Governor Frank Lausche, and Carl Smith, chairman of the Ohio State Civil Service Commission.

According to Aldom, the purpose of the trip is to prevail upon the state commission to either administer the forthcoming examination for chief of police or to place a supervisor over the test.

Aldom stated "I'm not at all satisfied with the methods used in the past in the matter of civil service examinations."

The examination to fill the post that will be vacated by Chief Nerr Gaunt Sept. 1 will be conducted Friday, Aug. 27.

Chief Gaunt resigned Aug. 1 after 21 1/2 years on the force.

Quick Passage Seen Despite Vote

Senate Turns Down Ike's Atomic Bill

WASHINGTON (P)—Senate Majority Leader Knowland of California today rejected final passage of a new atomic energy bill within the next few days despite the Senate's turn-down of an administration-backed compromise.

Brushing aside a last-minute

plea from President Eisenhower, the Senate yesterday voted, 48-41, to reject a revised bill opening atomic energy to private industry under a system of exclusive patent rights. The Senate had voted before to require 10 years of patent-sharing.

Then, by voice vote, the Senators sent the bill back for a second conference with the House with general instructions to insist upon Senate amendments, including compulsory license-sharing.

Knowland told newsmen he believed a new conference "will not take too long." He predicted it would be over in time to permit adjournment next week, after both Houses vote again on a new compromise.

Okay Data Exchanges

Other provisions in the measure, not now in controversy, authorize the President to exchange limited atomic information with Allies and make other major changes in basic atomic energy law enacted in 1946.

The Senate turn-down once again threw the bill—a key to Congress' adjournment date—into the status of "unfinished business." An earlier version touched off 13 days of senate speechmaking. The legislation rejected yesterday was a compromise between Senate and House-passed bills which, having already passed the House, would have gone to Eisenhower for signing had the Senate concurred.

Now the issue waits until the House reconvenes Monday and considers appointing new conferees for a second attempt to write mutually agreeable adjustments of disputed points.

A possible compromise solution was suggested by Sen. Gore (D-Tenn.), a leading opponent of the earlier bill, who said agreement might be reached on a period of between five and 10 years of compulsory patent-sharing.

Raps Patent Sharing
However, Rep. W. Sterling Cole (R-N.Y.), chairman of the Senate House Atomic Energy Committee and a staunch proponent of exclusive patent rights, has said he will continue to oppose compulsory patent-sharing, regardless of Senate action. Cole was absent from the city and was not immediately available for comment on the vote.

The rejected bill would have authorized exclusive 17-year patents, as allowed under the normal patent law, to private firms on any atomic development not made under government auspices. It also directed the Atomic Energy Commission to give preference in issuing licenses for commercial atomic equipment to concerns agreeing to share patents during the first five years.

In a letter to Sen. Hickenlooper (R-Iowa), floor leader for the measure, Eisenhower said yesterday

Youth Is Arrested After City Accident

A 16-year-old Salem youth was cited for failure to yield the right of way following a collision with an auto driven by Mrs. Ruth D. Yontz, 49, of 359 S. Union St. at 7:43 p.m. yesterday at the intersection of E. State St. and Woodland Ave. According to police, the youth pulled out of Woodland into the side of the Yontz vehicle.

Mrs. Josephine Weingart, 66, of RD 3, Salem reported to police that she was forced to the right by an approaching vehicle and struck a parked auto in front of 178 N. Lincoln Ave. at 2 p.m. yesterday.

Five Convicts Captured After Escape With Guard As Hostage

BOSTON (P)—Five desperate escapees from Norfolk Prison Colony and Connecticut less than 24 hours after they fled the Massachusetts prison with a guard hostage, were returned here today.

One of the escapees was flushed from a Pawtucket, R.I., swamp, two were hauled from a stolen car near Putnam, Conn., and the other two were taken in a nearby Putnam woodland by heavily armed local and state police and FBI agents.

The guard hostage, Walter F. De Adder, 29, of Lawrence, who spent 15 terror-filled hours in the escapees' hands, was rescued unharmed. A Pawtucket garage mechanic, Peter Cherniavski, 36, also taken hostage by the fleeing convicts, was freed unhurt.

Limping with a broken foot, Richard Lavoie, 40, of Woonsocket, R.I., was captured in a Pawtucket swampland, some 12 miles from the Massachusetts Prison Colony.

A short time later Connecticut State Police pulled Russell Halliday, 26, of Cambridge, Mass., and James L. Schworm, 31, of Malden, Mass., from a stolen car off Route 44 near Putnam, about 40 miles from the colony.

And minutes after, William J. Couture, 40, of Taunton, Mass., and Martin F. Feeney, 38, of Boston, surrendered in a woodland not far from the car.

Lavoie was arraigned last night in Providence before U.S. Commissioner M. Louis Abedon on a federal charge of kidnapping De Adder.

3 Cabinet Men Protest Move, Resign Posts

De Gaullists Attack Premier's Proposal To Form United Army

PARIS (P)—Premier Pierre Mendes-France pressed on today with plans to push his version of a European Defense Community through France's National Assembly despite opposition which already has cost him three Cabinet ministers.

The Premier braced for another hurdle as he prepared to relay his proposals for a watered-down EDC to the five other prospective member states — Belgium, the Netherlands, Luxembourg, West Germany and Italy.

3 Of Cabinet Quit

Mendes-France received a setback last night when three Cabinet members — all followers of Gen. Charles de Gaulle — resigned in protest against his EDC plan. They were Gen. Pierre Koenig, defense minister; Jacques Chaban-Delmas, public works minister; and Maurice Lemaire, reconstruction minister.

The De Gaullists helped win Mendes-France the premiership last June. Large sections of the Social Republican (De Gaulist) bloc voted for his confirmation in the Assembly.

Won't Replace Trio

Mendes-France said the three would not be replaced at present. He called on three other Cabinet members to double up and take over the vacant ministries until the EDC debate winds up in the Assembly.

The Assembly is scheduled to begin debate Aug. 28.

A rocky road lies ahead for the dynamic premier in his campaign to align France with some sort of defense plan.

The first obstacle will be at Brussels where the foreign ministers of the six nations are slated to meet Thursday. Mendes-France will have to persuade the other five that they should accept EDC modifications as a price for getting French parliamentary approval.

More Ohio Votes On Wheat Quota Urged

WASHINGTON (P)—The "big farmer out West" is outvoting "the little farmers in Ohio" in national wheat quota referendums, says Rep. McGregor (R-Ohio).

Rep. McGregor, along with Reps. Betts (R - Ohio), McCulloch (R-Ohio) and Bow (R-Kans.), yesterday asked Administration leaders what can be done to permit more small Ohio farmers to vote in the annual referendum.

They told House Speaker Martin (R - Mass) and Chairman Hope (R-Kans.) of the House Agriculture Committee many farmers in Ohio consider it unfair to exclude from voting anyone with less than 15 acres of wheat.

In the July 23 referendum, Ohio farmers voted 2 1/2 to 1 against wheat quotas while the nation as a whole voted to continue the quotas and higher price supports.

Rep. Betts said he hopes the agriculture committee will recommend that a study be made on the subject.

Third Salem Child Taken Ill With Polio

Dennis Lowry, 7, son of Mr. and Mrs. Clifford Lowry of 931 Summit St., is reported in fair condition today at St. Elizabeth's Hospital in Youngstown where he was taken early this week after he was stricken with polio.

The boy became ill last Sunday night and was admitted to the hospital the next day. The Lowrys' three other children were given gamma globulin shots after Dennis' illness was diagnosed as polio.

Seventh Drive-In Service Is Set

Rev. Mair To Talk Sunday Morning

Rev. David Mair, assistant pastor of the First Presbyterian Church, assisted by Janice Groves of the First Methodist Church and Jack Pierce of the First Christian Church, will conduct the seventh church service Sunday at 8:15 a.m. at the Drive-In Theater, east of the city.

The "Trade Winds" quartet comprised of Dr. Wade McGhee, Albert Hanna, Oren Narragon, and Byron Griffith will sing "The 121st Psalm." Rev. Mair's topic will be "The Nearness of Christ" taken from John 15:5 — "I am the vine, ye are the branches."

Bruce Snyder of the Presbyterian Church will play the organ. Ushers will represent both the Salem Area Youth Council and the Interdenominational Christian Youth Fellowship.

The offering at the Drive-In Church, after expenses, goes to the Salem Ministerial Association and the remainder will be divided among sponsoring churches. How are Schaefer is treasurer. Offering envelopes will be furnished those who want to designate a choice of church for their contribution.

Preaching on Sunday, Aug. 22 will be Rev. Harold Deitch, pastor of the First Christian Church.

Rev. G. D. Keister, pastor of Holy Trinity Lutheran Church will conduct the service Aug. 29 and Rev. C. Clare Davis, Methodist minister, Sept. 5, the concluding service. Baptist, Christian, Methodist, Presbyterian and Trinity Lutheran Churches are sponsoring the services, in cooperation with the Ministerial Association.

Cars containing approximately 17 people parked in the Drive-In Theater last Sunday for the service conducted by Don Hammell of the Baptist Church.

First Christian

Rev. Martin Brantingham of Winona will be guest minister Sunday at the 10:30 a.m. worship service in the First Christian Church. The pastor, Rev. Harold Deitch is in Louisiana on an evangelistic mission.

Bible Words for Today

MATTHEW 5:16 — "Let your light so shine before men, that they may see your good works and give glory to your Father who is in heaven." (RSV)

Traveling across the vast expanse of our nation one can see on mountain top and prairie plain the beacon lights whose shining rays point the safe course to our airplanes as they carry their precious cargoes across the land. Beacon lights! We need beacon lights as we make our way in life. What are those beacon lights of life shining crystal clear in the storm of life pointing us on our way. They are the beacon light of study. The necessity of being an informed Christian. The beacon light of prayer. The fulfilling of the soul's sincere desire. The beacon light of worship. The regularity and reward of standing in awe of God and His majesty. The beacon light of trained servants. Those who are His witnesses to the farthest reaches of the world. We too can be beacon lights if we let our lights so shine.

Confident Living

How To Clear Your Mind

I recently read of an experiment at a University where an electric needle was used to touch certain sections of the brain. The scientists found that the people who were the subjects of this investigation remem- bered things they had forgotten

for as long as fifty years.

But you do not need an electric needle to stimulate those memories which make for unhappiness. These buried things from your past are the unhappy

thoughts that dominate your sub- conscious mind and create obses- sive ideas, the kind that prevent you from having peace of mind. The only way to clear your mind of these unhealthy thoughts is to practice flushing out all your fears and doubts and guilt feelings. This isn't an easy job, but by working at it you can create a happier mental state. A mental catharsis can be effective if it is persistent and if it is done systematically.

HOW DO YOU GO ABOUT IT?

One way is to arise every morning and practice the technique of af- firming. "I am emptying my mind of all fear, all hate, all prejudice, all inferiority and weakness." Your wastebasket can help you. Use the skill of imaginative action. Picture all mental debris as being thrown into the wastebasket. I know you can't literally take a thought out of your mind and empty it into your wastebasket, but the symbol- izing of the concept is helpful in inducing the subconscious mind to cleanse itself.

Or, if you prefer, think of your mind as the basin of a sink. When you want to let out the soiled wa- ter, you pull out the stopper and it goes down the drain. If your mind is full of unclear and unhappy thoughts, mentally picture yourself as removing a stopper in the mind and visualize the soiled thoughts as flowing out. Then put the stop- per back again and turn on the faucet of inspiration and right thinking to fill up with good, fresh, clean thoughts.

DOES THIS SOUND so foolish and simple that an intelligent per- son wouldn't try it, however filled with unhappiness his mind might be? Well, now, who is an intelli- gent person? Is he not the man who has the capacity to be simple? All the great men I have ever met have had a simple, humble, almost childlike quality to their minds. Smaller men need the support of big words to cover up their in- adequacies.

One man of great ability be- came interested in this sink and stopper technique and was actual- ly trying it out in his bathroom

when his wife found him one morning, as she said, "muttering into the sink." She asked what he was doing and he answered, "I'm emptying my mind."

"The way you're acting," she told him, "I'd have guessed your brains were going down the drain."

"NO," HE REPLIED, "not my brains but my fears and hates. After I wash them all down, I'm going to fill up with great thoughts of courage, faith, love, goodness and optimism. Believe it or not, I think I'm a changed man since I started this. It's the greatest technique I've ever found to dramatize to myself what I want to do with myself."

It is true that you can change your mental processes to the em- ployment of mental images. Imagination does not refer to fantasy or something non-existent but rather, it is the use of images or pic- tures of a mental nature. By a powerful law of nature and person- ality, that which is persistently pictured in the thoughts tends to actualize as a fact. So to be sure you become what you really want to be, it is important to clear the mind of everything except those attitudes which will bring the best to pass.

Observer Corps To Begin Vigil

Council, Park Board To Pick Tower Site

COLUMBIANA — The Columbiana ground observer corps is expected to begin its vigil Wednesday, Sept. 1. The observation tower will be in Firestone Park at a site to be selected by members of council and the park board before the meeting of village council Tuesday evening.

Anthony Sebastian of Youngstown will be at city hall at 8 p.m. Wednesday, August 25, to photograph and fingerprint members of the corps and substitutes. The Mellinger Lumber Co. of Leconia is donating material for the tower, which will be erected by the donated labor of carpenters and helpers.

Mrs. Lloyd Wonseller expects to have the full complement of 168 observers enlisted very soon. As chairman of the committee, she has provided for substitutes in obtaining enlistments for the corps.

A first aid class, members of which have been notified, will hold its first meeting at 7 p.m. Tuesday in the Franklin Furniture Co.'s display room. It will be under the direction of John Ellis.

THE CIVIL DEFENSE organization will hold its last meeting in August next Thursday evening, and beginning in September, will hold its meetings on the first and third Thursdays of the month.

Columbiana Rotarians will give their annual outing in Firestone Park Monday afternoon and evening for Columbiana County foster children and foster parents. With 75 foster children in the county, a gathering of some 200 is expected.

Guests enjoy free facilities of the park, including the pool. A picnic supper will be served by the Rotarians in Pavilion 4 at 6:30 p.m. George Keller and Richard Berryman are general chairmen for the event.

Sessions of the daily vacation Bible school that had been in progress at the Christian Church two weeks concluded Friday. A noon picnic followed in Firestone Park.

A program in the church at 8 p.m. tomorrow will include demonstrations by each class of what its members have learned during the school. There will be a report on the offering, which will go to the joint mission fund of all churches for the printing in colors of 160,000 copies in 16 languages of a book on the life of Christ.

ENROLLMENT of the school had

increased to about 160 at its close, with an average daily attendance of 109 the first week and 116 the second week.

A program of vocal and instrumental music will be presented at Zion Hill Church of the Brethren at 2 p.m. tomorrow. The Eastwood quartet from Eastwood Church, Akron, the Woodworth quartet from the Woodworth Church, and other guests will participate. The Eastwood quartet may be heard over Station WHKK at 5 p.m. every Saturday. Everybody is invited to Zion Hill Church for the program Sunday afternoon.

Guest preachers will fill the pulpits of Columbiana churches at 10, the pastors. Rev. Ralph Goldhardt, missionary on furlough from New Guinea, whose wife is the former Julia Yarian of Columbiana, will preach in Jerusalem Lutheran Church; Rev. Raymond Walter of the Nonaca (Pa.) Presbyterian Church, who has a summer home south of Columbiana, in the Presbyterian Church; Robert Lonksworth, county superintendent of schools and Jerry Finnie, student for the ministry in the Christian denomination at Atlanta Christian College, in the Christian Church.

The Columbiana Garden Club will meet at the home of Mrs. Ralph Heck, south of town on the Middleton Road, at 1:30 p.m. Tuesday, with Mrs. Ralph Luck in charge of the workshop.

THE GREATEST WEAPON AGAINST COMMUNISM

A victim of an Iron Curtain Country escaped and found refuge in the United States.

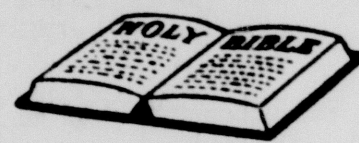

In America he worked where he liked. He went to and from town, or crossed state lines as he wished. Never was he stopped and asked for "papers." Never were his belongings searched or confiscated. Never, when he went to bed at night, was he haunted by the fear of being torn ruthlessly from home and loved ones to be sent away forever.

Yet these things are happening right now in his native country.

"Abroad, there is terror in many hearts," said this refugee, "that you Americans cannot understand because you have never experienced it . . . and God forbid you ever shall."

"This above all you must remember: The greatest weapon you have against Communism is your Bible and your Religion."

In other words, American Citizen, "Go to the church of your choice this Sunday—and every Sunday. Keep Christianity thriving. It's your mightiest weapon against the dark devices of Communism."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Speed Vs. Safety

An argument about speed and automobile safety has broken out between Robert Moses, the public works administrator, and the director of the traffic division of National Safety Council.

Moses resigned as a Safety Council trustee when the director said there was no conclusive proof that speed was the largest single cause of traffic fatalities. Moses had said he knew from first-hand experience that "speed is the biggest factor in serious accidents and frequently the sole reason of fatal ones."

This sounds like a quibble over the definition of speed. All of us know from our own experience that speed becomes excessive in relation to driving conditions, not in relation to someone's arbitrary opinion of what constitutes excessive speed.

At dusk on a rainy evening in autumn with leaves on the pavement, 40 miles an hour would be excessive speed. On the same pavement in midday with the sun shining and driving conditions ideal, 40 miles an hour would be slow-poking.

If all automobiles were driven at 50 miles an hour or less, there would be fewer accidents and fewer fatalities. If they were driven at 10 miles an hour or less, there would be no fatalities at all and almost no accidents. But that isn't the idea of having automobiles in the first place.

The solution to the highway safety problem, therefore, is not to attain safety by getting rid of speed, because that solution would be rejected by motorists. The solution is how to attain more speed with less risk. Highways and drivers must be made safer.

This Bill Should Be Vetoed

President Eisenhower is pondering a bill requiring subversive organizations to register printing presses and duplicating machines with the government.

On the surface, this would appear to be a very commendable piece of legislation and it doubtless was passed by both houses of Congress on the conviction it would be an effective weapon in the fight against subversive literature which is flooding the country.

And it may well be exactly that. But whether the end justifies the means is debatable. We think the proposal has inherent dangers far greater than the evil propagated by the Communist propaganda publications.

Our fear is that this could very easily be the first step in a progressive challenge to the rights guaranteed by the First Amendment. If it is proper and legal to register printing presses owned by one group, what is to prevent the government from demanding the same of other groups or even of requiring a permit to use a press?

Nothing would please the Communists more than the spectacle of America frightened into curtailing our basic freedoms in the mistaken belief that subversion thereby will be brought under control.

If the Communist menace to this country is what we are convinced it is, it should be dealt with directly and forcibly by law—not by some backhanded method that would leave us all staggering at the finish.

We believe President Eisenhower should veto the bill.

No Striving For Effect

There is significant agreement on one point in the six-man committee to handle the resolution of censure against Sen. McCarthy.

The senators who will try to compose one of the sharpest differences that has disturbed the U. S. Senate in a generation want to keep their deliberations under their own control. They do not want either themselves or their witnesses to get into show business.

Therefore, they will permit no on-the-scene coverage by radio or television. The six senators — and the Senate as a whole — have had a chance to reach their conclusions about the Army-McCarthy hearings, and this is their judgment.

This reflects no discredit on either radio or television. It merely reflects a point of view about what happens when men and women begin to strive for an effect in the course of striving to arrive at the truth. The difference between direct coverage of the kind that bemused both the public and the participants during the Army-McCarthy hearings and indirect coverage of the kind that lets the public know what is happening through the eyes and ears of trained observers is substantial.

Members of Congress now know that when men are striving to get at the truth they should not let themselves be distracted by striving for an effect. In the Army-McCarthy hearings, there was a great deal of striving for effect. There will be no more of that in the forthcoming investigation of the circumstances behind the resolution of censure against Sen. McCarthy.

Press Conferences

President Not To'd Full Story

Presidential press conferences are getting no better—in fact they are doing increased harm not only to the President and the Republican Party but also to the influence abroad of the foreign policies of the United States.

Unfortunately much of the damage is done because sometimes the President isn't told the full story behind the questions fired at him.

Thus this week Mr. Eisenhower was asked about recurrent suggestions that the United States sever diplomatic relations with Soviet Russia, and he was told that the most recent one came from General Mark Clark. The fact was that the General was a witness before the Senate Rules Committee on other subjects, and Senator Jenner of Indiana, chairman, read to him a resolution, introduced by himself and Senator McCarran of Nevada, which would simply express the sense of the Senate that it would be desirable for the United States to sever diplomatic relations with Soviet Russia and the Satellite governments. General Clark was asked what he thought about it, and he replied briefly that, if he were a member of the Senate, he would vote for it.

Now Mr. Eisenhower at his press conference was not told that fact, nor was he told that a committee of nine members of the House of Representatives, both Republican and Democrats, had just filed a report unanimously recommending that the President convene an international conference to seek agreement with our allies on the severance of all diplomatic relations with the Communist countries. This committee has been taking testimony in Europe and elsewhere for several months from persons of prominence who have escaped from the Communist regime and who are in a position to tell Americans how influential such a policy would be in encouraging the peoples behind the Iron Curtain.

BUT MR. EISENHOWER, without going into the merits of this very difficult and complicated question, rejected offhand any consideration of it. He said that if anyone would set down and study the conflicting considerations objectively and not merely shoot from the hip on such questions, they would arrive at a similar conclusion.

But how do the nine members of the House Committee who have spent many months on this problem feel? Have they been shooting from the hip, or has the President himself been doing that very thing because he has not been properly briefed on how the manifestation by him of a closed mind on this subject can bring discomfitement to the enslaved peoples? Why did he have to discuss the question at all?

In domestic affairs, the President also stumbled along at his press conference, leaving in its

wake ambiguities that cannot possibly do his party any good. He was asked whether, in view of his statement in the past that he felt an obligation to support all nominees of the Republican Party in the Congressional elections, he would give heed to a protest from Republicans in New Jersey who want the regular party nominee, Clifford Case, to withdraw from the confusing answer. He said that generalizations he had made in the past do not stand up. This might permit the inference that he was backing away from his previous position. Then he added that he stood behind the party nominee, Mr. Case.

AS A RESULT of his press conference information, the New York Times had a headline the next day on its front page: "President To Back Own Candidates, Ignoring Factions. Beneath it was an article saying "the President made it clear that the non-Eisenhower and anti-Eisenhower Republicans could have no assurance in each and every case of White House assistance."

It isn't clear at all whether the President is backing away from support of all nominees of the Republican Party and means to be choosy about those who don't entirely support his program, thus preferring to let some Democratic nominees win. This could conceivably mean a Democratic Congress if the voting is close.

What seemed worst of all at the press conference was the revelation that the President and his principal assistant, former Governor Sherman Adams of New Hampshire, are not working as closely together as might be imagined. The President was asked about the statement by Mr. Adams on a television program implying that the President might not run again in 1956. Mr. Eisenhower replied that he didn't know why any member of his staff was saying these things, that Governor Adams had never spoken about it to him nor had anyone else on his staff. He did say they had a right to speculate, but that whatever facts Mr. Adams had he wished he would give them to the President, for he (Mr. Eisenhower) had none.

If this were the first time Adams had discussed the subject publicly, it might be surprising, but he has made previous speeches on this subject. One would think by this time the President and his assistant would have had a heart-to-heart talk about the danger of raising doubts inside the Republican party as to whether it is to have the benefit of Eisenhower's leadership in a second term. It is conceded that politically — and especially in Congress — any doubt about running for a second term materially weakens an incumbent President. Caution at press conferences — or, perhaps better, briefings for the President ahead of time — might spare the Republican party a lot of headaches.

Dickens Squabble

By EDDY GILMORE

LONDON (AP)—A scheduled reading by Emyln Williams of the works of Charles Dickens for charity had to be abandoned today because of a medieval law involving beads.

"Nowhere in the writings of Lewis Carroll or the meanderings of the Marx Brothers," complained the London Star, "can anything be found to beat the higher lunacy of this sort of thing. There is a whole musty mountain of laws which ought to be swept away..."

Here is the situation: The London Welsh Assn. arranged a charity recital for Sunday, Sept. 12. Williams, an actor who has had considerable success in this country and the United States with readings of Dickens—dressed as Dickens—offered to do the job.

Lady Megan Lloyd-George, on behalf of the association, accepted the offer and the performance was scheduled for the Royal Festival Hall.

More than 10,000 leaflets, 300 posters and 3,000 tickets were about to be run off for the event. Application for permission to hold the affair was made to the London County Council.

Japan's Weakened Economy

By MARTIN S. HAYDEN

In the stately Japanese embassy on Massachusetts Ave., a worried and bespectacled little economic attache showed a reporter why Japan suddenly has become the new weak spot in the free world's Asiatic line against Communism.

It is the story of an economy broken like a spent bubble by the end of Korean War shooting, and of unemployment that could make Japan Communist, even though the record shows Communist trade would not put the bubble back together again.

Also, it is an answer to two plaintive questions from American isolationists: Why should U. S. tax dollars be funneled continually into foreign aid? And, why shouldn't U. S. tariffs be kept high if that will make more American jobs?

Comparable sets of figures illustrate the problem that resulted in a White House order for all government agencies concerned to concentrate on the Japanese problem.

Statistics from 1934 through 1936, showed that during those three years Japan exported an annual 928 million dollars worth of goods while buying abroad each year an average of 951 million dollars. That 23 million dollar unbalance between sales and what she had to buy to live was a reason given by some for the Japanese military excursion after new markets that led to World War II.

Today, with the dollar value halved by inflation, postwar Japan is selling abroad \$1,275,000,000 a year and importing \$1,410,000,000. That new unbalance of more than a billion dollars a year is stripping democratic Japan of her reserves and threatening complete economic collapse.

AS A RESULT, Japanese unemployment has quadrupled from 500,000 out of work in 1952 to 2,000,000 unemployed today.

"That figure," said the attache, "would not be serious unemployment in America, but Japan is not America. First, our population is only 96 million and, second, we normally do all sorts of inefficient things that you would never do because we have to make jobs for our people."

"For instance, because we use old-fashioned methods, we employ culture. They, incidentally, are able to produce only enough food for 80 per cent of our people. By comparison, only 10 per cent of the American people work the farms and produce more than enough to feed your whole population."

The Japanese conceded that part of his nation's trouble springs from an illusory economic recovery during the Korean War.

During the days when Japan was the reception point for new troops headed for Korea and the leave center for men just out of combat, American soldiers spent an annual 200 million dollars in the Japanese economy. On top of that, Japan produced 600 million dollars a year in goods bought by the U. S. taxpayer to support the war.

"Our people," the attache said, "and most people in America, looked at the resultant balance between Japan's income and her purchasing abroad and figured our economic problem was all over. But then the war ended. We learned again that prosperity built on a war economy is not a good one."

THE ATTACHE'S pessimism grows as he views the alternatives for possible solution of his country's malady. First, he says, restored trade with China is not the answer.

"Before the war," he said, "we sold China 20 per cent of our exports and got from her 25 per cent of our imports. For us, it was a fine trade. We got coal, iron and soy beans and gave China nails, hammers, saws, textiles, drugs and other items produced principally by small Japanese factories."

"But that was all built on a favored Japanese position that Red

China has no intention of reestablishing. Her recent trade offers suggested that we send, not consumer goods, but things for heavy industry, like generators and locomotives. In return, she proposed to give us coal and iron at prices no lower than we now pay for the same materials from America. Also, her proposal called for only about 200 million dollars in trade, which would not solve our problem."

Southeast Asia is another potential Japanese outlet. But, particularly in the Philippines and Burma, the governments are prefacing trade talks with references to payments Japan cannot make on World War II reparations claims. Also, those countries lack money for toys, cameras and other luxury items that Japan most wants to sell.

THAT LEAVES AMERICA, and again trouble. Lacking a reciprocal trade treaty, Japan's businessmen face high tariffs on tuna fish, screws, oranges, cameras, china-ware and others of their exports.

Most recently, congressional action barring import of Japanese silk scarves on the ground that they were "inflammable goods" just about finished the silk trade that made up half of Japan's sales to the U. S. until war and nylon ruined it.

The answer, says the Japanese attache, is a repetition for Japan of the three point program that saved Britain: More austerity for the Japanese people, liberalized rules for Japanese exports to the United States, and American aid to Japan's peacetime industries.

He does not say flatly Japan will go Communist next year if that does not happen.

"We can only say," he states, "that when people are out of work they listen without reasoning to the Communist promise of jobs for everyone."

Your Own Nostalgia

By TRUMAN TWILL

You get your nostalgia your way, I'll get mine by —

Remembering the odor of freshly ground coffee in a kitchen aromatic with the smell of breakfast being prepared over an old-fashioned cook stove.

Remembering the feel of wet grass in the morning on the bottoms of a pair of well calloused feet itching to take off on a day's worth of creek fishing.

Seeing an old-time automobile and recalling the thrill of those first few ecstatic rides in a mechanical go-devil that moved at the speed of wind.

Hearing the tunes quartets used to sing on gramophone records, when it still was all right for a song to have a melody.

Listening to crickets and tree frogs on a summer night in dog days with a harvest moon beaming down on a world at peace with itself until morning.

Revisiting old schoolhouses where teachers who now have died or retired worked patiently to fan the glowing coals of curiosity in my closed mind.

Looking again at faded pictures of school mates and friends who have strayed afar and will not return.

Smelling the fragrance of crunched grass at a county fair, a circus, or a tent show and remembering Russell Conwell's famous lecture on "Acres of Diamonds" in the Chautauqua series back home.

Reminiscing about events of the distant past that were exciting when they occurred, such as the time I sprinkled salt on the sun-

burned back of my brother's fiancée when she was a visitor in our home.

Looking at a locker room squirming with boys after a football practice and remembering how it felt to take a cold shower after a sweaty practice session.

Recalling the way my father made a special point of asking how much money I had when I started away from home for a date and making me take as much again as I said I would need so I'd be sure to have some to spare.

Thinking about the family reunions my mother's family always had in the latter half of August, with a tent over the tables, dozens of pies, cakes and tins of pressed chicken and an enormous crock of lemonade to be dipped up for the asking.

Looking at the titles on a set of Charles Dickens' works in the library and wondering how many times I reread "David Copperfield."

Getting a whiff of a wood fire at twilight when the air is crisp and the kids of my generation would have organized a weenie and marshmallow roast.

Hearing a mother call her kids to come home to supper.

Tasting that unbeatable combination of tomatoes and roasting ears fresh out of the garden.

Walking into a modern school house and encountering the educational miasma of chalk dust, varnish and dry rot that hangs over every school child until he is pushed out into the world.

Heroes: 1954 Pattern

Nothing is more amazing than the spectacle of law-enforcement officials, Senate committees and child welfare study groups, surrounded by criminal routines presented in their most sardonic forms by movies, video and the paper-book trade, and asking, "How does the small fry get that way?"

As J. B. Priestly, British author, points out all kids are hero worshippers and the heroes they get today beat up their opponents in savage routines to which even the dirtiest villains didn't stoop until lately. Few are the screen battles in which the Lochinvars of today don't use everything from the jagged bottle-top to the kick-in-the-stomach, tossing out all codes of fair fighting "with a hey-nonny-nony and a hot cry that anything goes."

The heroes of past generations were noble specimens who got their man without bashing his teeth in with a table-leg and stomping on him when he was down.

The "high characters" the kids see and read about today give the opponent the "head-butt," "the knee" and the well-aimed spike shoe, leaving him a gory mess while the low-punching rule-busting hero emerges with a split lip, a triumphant smile and the red badge of courage. And people say "How come?" when they read of teen-agers behaving viciously!!!

There are Hollywood producers and TV officials who would bench Sir Gallahad today for not butting or gouging. They would release King Arthur's Knights of the Round Table to the minor leagues for not beating their victims to a pulp.

Where would Horatius at the Bridge get today? All he did was to hold the bridge. He didn't use the rabbit punch, the thumb-in-the-eye routine, the hoof-to-the-mouth technique or a broken bottle.

Jack the Giant Killer would be out; his record shows he gave the giant his "come-uppance" without using a bung-starter, a piece of a bar rail or a piano stool.

David slew Goliath with a few pebbles, but where would he get in movies, TV or cheap literature today if he didn't stomp on Goliath's face and at some time in the battle chew off his ears?

We wouldn't be surprised these days to see TV present the surrender at Appomattox as taking place in a hay-filled barn with Grant slugging Lee with a barn lantern and tossing the lighted lantern into the hay for extra sadism.

Even the women on the screens are getting tougher. Pocahontas may soon be shown having Captain John Smith only after flooring Powhatan with a whisky crock, giving the old Indian the "knee" and rolled a boulder over him to make the victory complete. Why do the kids behave that way? Are ya kidding?

"Dog Bites Sailor" — headline. If the sailor didn't bite him back something has happened to the Navy.

The streets of big cities are so unsafe these days that girls are carrying flatirons in their handbags.

"Massive retaliation" now seems to be demanded by some folks against Joe McCarthy.

A runaway couple of teen-agers who stole \$5,000 were detected in Washington, the papers say, through the fact the boy "ordered a martini and took no change from a five dollar bill." Ya mean ya get any change from a five spot when you buy a drink these days!!!

Chrysler, which halved its dividend, and sank into the fifties was in the nineties a little over a year ago. Maybe the brakes slipped.

In Brooklyn and the Bronx they are now carrying signs reading "Milwaukee Go Home."

Dr. Kinsey has completed a study among Peruvian Indians. A knock on a tent is not as disturbing as a knock on a door, we assume.

Women Plan Guest Day At Golf Club

"Blind Partners" tourney added interest to the Tuesday golfing activities of the Women's Association of the Golf Club.

In competition with 36 golfers first prize went to Mrs. Eugene Young and Mrs. Stanley Gurney whose combined score netted 80. Second place winners were Mrs. Frank Bryan and Mrs. F. W. Hone with a net 84.

A three-way tie, with a 16 score, was tallied by Mrs. Albert Moser, Mrs. Young and Mrs. Gurney in Flight A. Mrs. L. W. Hopes made a 17 in Flight B and Mrs. Richard Lawrence, 15 in Flight C.

Several of the women golfed at Sleepy Hollow in Alliance Aug. 5, according to announcement at the luncheon for 40 members in the club house following the games. Mrs. Lloyd Gordon won the special prize.

Plans were concluded for the "guest day" next Tuesday when another "string" tournament will be played. The buffet luncheon which will be one of the highlights of the after-game hours will be arranged by Mrs. Lloyd Gordon and Mrs. Norman Pedersen Sr. and the McCulloch store will supply models and the latest fall clothes for a style show.

Garden Club Plans Meeting September 15

Mrs. Ed Evans and Mrs. Carl Spencer answered questions and discussed various problems concerning house plants when the Salem Country Gardens Club met Wednesday at Fairview School house.

Twenty-five members answered roll call by naming their favorite house plants. Mrs. John Van Blaricom presided over the business meeting, and Mrs. Willis McArthur was in charge of the devotions.

Mrs. Evans displayed various plants including a spider plant. The planting of fall bulbs was discussed by Mrs. Nita Smith and Mrs. Larry Tuttle. Clever arrangements of "vegetables" were made by Mrs. Chester Cope and Mrs. Chris Perrott.

The gladioli, provided by Mrs. Chester Cope, were sent to Mrs. Andrew Vaughn and Mrs. Clinton Joy, who were reported ill.

The Sept. 15 meeting will be held at Perry Grange.

The club made a trip to the County Home to entertain residents last Sunday. Mrs. Virgil Whinnery led the group in singing some of their favorite songs, and special music was presented by Miss Evelyn Smith of Alliance and Mrs. Chris Perrott.

Miss Patty Ehrhart entertained with several pantomimes done to music. Robert Doyle played several accordion numbers, and his sister, Delores Doyle gave an exhibition of baton twirling. Lunch was served by the club members and flowers were sent to the hospital.

Rev. C. Clare Davis, church pastor, will conduct the service.

Miss Nestor, daughter of Mr. and Mrs. John Nestor of S. Union Ave., has chosen Miss Carol Wilde as her maid of honor. Her sister, Linda, will be junior bridesmaid and another sister, Jean Ellen, will be flower girl.

Mr. Wright, son of Mr. and Mrs. Clyde Wright of S. Lincoln Ave., will be attended by Robert Hutcheson as best man. His brother-in-law, Arthur Voaw, will be an usher as will Fred Sweitzer, Jr., a cousin, and Richard Lipplatt.

Relatives and friends are invited to the reception in the church social room following the wedding.

IT WAS A LONG WAIT, but the Edward Montayne family of Dearborn, Mich., finally got a boy, as the sign shows. Mrs. Eileen Montayne, 38-year-old grandmother, holds her week-old son, Jon, while her married daughters, Mrs. Marjorie Ramas (center), 20, and Mrs. Carole Latta, 18, welcome her home. Daughters put up sign for benefit of passersby.

ROYAL DUTCH AIRLINES

CONTRALTO Jean Madeira, a leading member of the Metropolitan Opera, gives out with an aria before taking a plane from Idlewild airport for a wide-spread tour of European music centers. She will appear in festivals in six countries.

CELEBRATING CHRISTMAS in August, complete with real snow, New York Madison Square Boys' club has found a way to escape the heat, for a while anyway. A margarine firm supplied some 14 tons of snow for the occasion. Boys are pelting the company's sales manager, Bruce Stern, with some of his own snow. They also had plenty left for snowman.

AMONG THE CADETS in the "sovereign's parade" at Sandhurst, England, was the Duke of Kent, cousin of Queen Elizabeth. He's giving eyes right as the cadets march by.

SEXAGENARIAN SYMPHONY

Music scores get smaller as the years go by. At least it seems that way to this musician.

THERE'S a symphony orchestra in New York that has only one restriction for membership and that has nothing to do with ability. Only persons more than 60 years old may belong. The "Over - Sixty Symphony," which meets at the Sirovitch Day Center building, has several skilled musicians as well as several players who never touched an instrument before. One flutist in the 16-piece orchestra was formerly an arranger for the Metropolitan Opera while another was a piano tuner and one member once played in an Italian Army band. Whether skilled or not, players find that the symphony gives them an outlet for their creative ability and, once in a while, a chance to appear on radio or television programs. The symphony has been in existence about four years.

She waits patiently for the chance to play her triangle.

Oldest player is Dominick Barbara, 80, who formerly copied music for the Metropolitan.

As in other orchestras, there is sometimes a disagreement over interpretation of a score.

FACTORY WORKERS in Venezuela enjoy performances put on by dance troupes during their rest periods. Folklore groups, like this one, travel about the country in portable theaters and halt near factories to entertain workers. The government sponsors the troupes.

SMOKE GETS IN their eyes as these Brooklyn firemen aim their hoses into the dense smoke churning out of brick storage building. Some \$200,000 worth of furniture was ruined.

IF THESE BABY OWLS look as if they have the kind of face that would stop a clock, that isn't surprising, because they actually did stop a clock in the steeple of a Methodist church in Detroit. The city and church are arguing over responsibility for them.

IN THE SERVICE

RAYMOND PIERCE, a student at Youngstown College in the Reserve Officer Training Corps, and a former sergeant first class in the United States Army, was chosen the best cadet in Battery F at the ROTC summer camp, Fort Bliss, Texas. A son of Mrs. Faye Pierce, of 492 W. Pershing St., Cadet Pierce was distinguished during the final ceremonies, which marked the close of the encampment at the Texas post. He is shown (right above) being congratulated by Maj. Gen. S. R. Mickelsen, commanding general of Fort Bliss. Pierce also received an award for second high marksmanship score during the camp period.

Undesirable Hero

By HAL BOYLE

NEW YORK (AP)—Some people believe Edward J. Touhey Jr. ought to get the Medal of Honor. But the U. S. Army, when it gave big Ed his goodbye papers, stamped the word "undesirable" on them. This still grates Touhey. He doesn't like being regarded as an undesirable hero.

"Either the Army should take me back into the service, or give me an honorable discharge," he said. The point at issue is whether Touhey was right or wrong in knocking down eight Russian soldiers in Vienna five years ago.

"They say I caused an international incident," remarked Ed. "But I say the Russians started it. They got no right to push a man around and call him a spy. They got what they deserved."

The 6 foot 1 former military policeman now weighs 350, and he feels sad in every pound. But he was a mere 240-pound broth of a boy, not quite 20, when the event happened that ruined his military career.

"I never got to tell my side of the story at the time," he complained. Here is his version:

"I had spent a month in the hospital with athlete's foot. When I got out I stopped at a bar. I drank a bottle of cognac—maybe more. 'I must have drunk it too fast because when I left the bar to go to the barracks I got on the wrong streetcar and fell asleep. When I woke I saw I was in the international zone and got off.

"I was feeling bad and leaned against the wall of the Imperial Hotel, holding my stomach. It was a Russian hotel. A Russian officer and two armed sentries came out and made me go into the hotel. The officer called me a spy and said I had been taking pictures of Soviet personnel. Then they stood me against a wall and forcibly searched me. They were pretty rough.

"The Russian officer said he still thought I was a spy, even though he saw I didn't have any camera. He said I must have handed the camera to someone passing by.

"Then he said he was going to turn me over to the American military police. I got scared. I thought it was a trick—that he would take me to the Russian zone, and I'd never get back.

"I made a beeline for the door. A sentry put his bayonet to my stomach. I knocked it away, and the Russian officer grabbed me from behind. That's when I went berserk. I saw red."

Touhey turned and kneed the officer, who cried out, and then Russian soldiers poured in from every

Liquor Investigators

Sent To New Districts

COLUMBUS, Ohio (AP)—Edward J. Allen, state liquor enforcement chief, today announced transfers to new districts of 61 investigators, effective Wednesday.

He said transfers are made periodically and that other changes are being contemplated and will be instituted from time to time to increase efficiency of the law enforcement division.

The four supervisors, eight investigators-in-charge and two investigators are not among those being transferred.

Transfers by districts: In the Cleveland district nine of the present force of 10 investigators are being transferred. Three of the four in the Portsmouth district are being rotated. All eight of the Cincinnati district force are being transferred out, while nine are coming in. All eight investigators in the Columbus district are being transferred out, and seven are coming in. The entire force of eight investigators in Akron, six in Canton, six in Dayton, eight

Ask More Ohio Farmers

Vote On Wheat Quotas

WASHINGTON (AP)—Administration leaders were asked today to find out what can be done to permit more small Ohio farmers to vote in the national wheat quota referendum.

Four congressmen from Ohio agricultural districts told Speaker Martin (R-Mass.) that many farmers in their state consider it unfair to exclude from voting anyone with less than 15 acres of wheat. They want these smaller farmers included, too, they said.

In the July 23 referendum, the nation's farmers voted to continue the system whereby wheat support prices are permitted so long as the growers agree to restrict their production.

Powerful Lions Toy With Collegians 31-6 Before 93,000

Winners Tally 17 In 1st Period

Dublinski Paces Pros; Browns' Hanulak Hurt

CHICAGO (AP)—Two-plateon or one-plateon, the College All-Stars are helpless prey of the roaring Detroit Lions, two-time champions of the National Football League.

It was indeed an unlucky Friday the 13th for the collegians before 93,470 at mammoth Soldier Field last night as they took a 31-6 clanking from the ruthless Lions.

The efficient pros from the Motor City had been forced to play the limited substitution rule and junk their two-plateon system just for this national-televized contest.

Last year, with free substitution prevailing, the Lions whipped the All-Stars, 24-10.

With their stellar passing quarterback, Bobby Layne, riding the bench all the way the Lions pounced on the inept collegians for 17 points in the first quarter and then now as they pleased.

No. 2 Lion quarterback Tom Dublinski, directing only 24 other pros used by Detroit Coach Buddy Parker, called his shots with deft skill and had the backing of a bristling defense that hamstrung the outclassed All-Stars.

When the All-Stars scored their only touchdown in the third period—on a five-yard end run by Notre Dame's Johnny Lattner—it was only because a Lion fumble on Detroit's five-yard line offered the opportunity.

In contrast with long, quick aerial scorers which typify pro play, the Lions crunched the All-Stars with a smashing ground attack, three touchdowns coming on short plunges. The Lions' 14 first downs by rushing broke the game's pro record of 12 by the Chicago Bears in 1942.

After a fumble by Lattner set up a 36-yard field goal by another ex-Notre Dame star, Jim Martin, to start the Lion scoring, Doak Walker crashed five yards to a touchdown and Lew Carpenter bolted two yards for another to give Detroit its 1-0 first period lead.

Lattner's touchdown shaving the Lion lead to 17-6 only prompted another slashing pro drive, covering 67 yards and ending with Carpenter's second touchdown, a one-yard blast, also in the third period.

The final Lion score in the fourth quarter brought further humiliation to All-Star Coach Jim Tatum of Maryland as end Jim Doran stole the ball from Notre Dame's Neil Worden and romped 36 yards to score.

Tatum used 48 of his All-Stars, but the theory of fresh players taking the steam out of the Lions under the one-plateon system just didn't work.

Heralded quarterback Zeke Bratowski of Georgia, property of the Chicago Bears, threw 14 passes and completed eight. The All-Star running attack was paced by lightly-touted Veryl Switzer of Kansas State, who carried six times for 34 yards. Switzer's 27-yard run from deep in his own territory in the second quarter provided the only collegiate offensive thrill.

On defense, end Carlton Massey of Texas was the outstanding All-Star. The All-Stars in their dressing room thought the outcome might have been different if Lattner had not fumbled on the game's opening scrimmage play.

However Lion Coach Parker probably sized up the whole game correctly with the comment: "The All-Star coaches got all they could out of those boys, but it just wasn't enough. They just weren't a good team. They were dead."

Parker also said the one-plateon system hurt the All-Stars more than it did the Lions. It certainly seemed that way, with the All-Stars outstrutted, 250 yards to 62, and outpassed 111 yards to 82.

The game which marked the fourth straight pro triumph and 13th victory against six defeats and two ties brought gross receipts of \$445,650, including TV and radio fees.

The game's most serious casualty was halfback Chet Hanulak of Maryland, property of the Cleveland Browns, who suffered a fractured left arm early in the fray.

Al Landwert, Ehrhart Lead In Batting

Al Landwert of Butler Grange and Tom Ehrhart of Parker's are the leading hitters in the Class AA and "A" city softball leagues at this point of the season, official scorer Dave Briskin said this morning.

Landwert is batting .477 and Ehrhart stands at .438. Hank Siefke of Lisbon and John Rottenborn of Paul and Joe trail Landwert with marks of .459 and .441 respectively. Ed Duco of Deming's leads the Double-A loop in runs with 25 while Rottenborn has the most hits, 26. Wayne Hahn of Deming's is high in doubles with 9; Steve Cibula of Deming's, in triples with 5 and Dick Jackson of Bliss, in homers with 7.

In the A League, Sam Tingle of Leetonia has scored the most times, 22, while Bill Inglede of the Old Timers has smashed the highest number of hits, 22.

Among the long ball hitters, Ehrhart has poled five doubles and four homers and Don Bell of Leetonia has three triples to lead the league in these departments.

Class B Playoffs To Start Monday

Concluding the Class B regular season, Stratton's Chevrolet clipped Sidingers' 13-8 Friday at Kelley Field.

Bob Miskimins had three hits to pace the winners while Keith Lofland added a first inning home run. Laird Bowersock was the winning hurler; John Sturgeon, the loser.

The final standings show Stratton's as the league leader with a 19-1 card. Bloomberg's finished a distant second at 10-10 and Sidingers' was third with a 9-11 slate.

The playoffs in the "B" league will get underway Monday. Sidingers' and Bloomberg's will clash in a best-of-three series with games carded Monday, Tuesday and, if necessary, Thursday.

The winner of the series will meet Stratton's in the best-of-three playoff for the league championship. That series will start Thursday or, if first round eliminations go the three-game limit, will begin the following Monday.

Toski Leading In Tam Golf

Shoots 65 To Total 132, 12 Under Par

CHICAGO (AP)—Bob Toski, who is built like a jockey but hits a golf ball like a Paul Bunyon, is convinced he is the man of destiny as far as Tam O'Shanter's biggest payoff in tournament history is concerned.

The 127-pounder, who will be 28 next month, confidently expects to pick up promoter George S. May's winning check of \$50,000 and sign a \$50,000 exhibition contract when Golf's "World" championship ends Sunday.

The locker room crooner, known affectionately by his colleagues as "The Mighty Mouse," splattered Tam's par 72 with a second round of 65 yesterday for a midway tally of 132—a dozen strokes off the regulation.

His 36-hole total was the best ever recorded since Tam tournaments started in 1941 and gave the little golfer from Livingston, N. J., who smacks 300-yard drives, a chance to crack Byron Nelson's 72-hole course mark of 269 set in 1945.

Nelson posted 134 at the 36-hole juncture in his record-breaking event.

"Somebody told me Nelson was only 29 when he won the first Tam tournament in 1941 and no one any younger has won here since," grinned the 5 foot 6 Toski. "But this time Toski will become the youngest."

Veterans Johnny Palmer, 36, "World" champion of 1949, and the indomitable Dutch Harrison, 44, were only three strokes away at 135.

Bunched at 136 were Walter Burkemo, Jack Burke, first round leader Earl Stewart Jr., British Open champion Peter Thomson and unflagging George Fazio.

In all, 15 players were under 140, including All-American champion Jerry Barber and Al Bessellink at 137 and Belgian Florv Van Donck, Doug Ford, Henry Ransom, Jay Hebert and Lloyd Mangrum at 139.

Meanwhile, close races were in prospect for three other "World" tourney sections running simultaneously in the complex carnival. These leaders were:

Women pros, shooting for a \$5,000 first prize—Patty Berg, 144, eight under par; Louise Suggs, 148, and Babe Zaharias, 149.

Men amateurs—Arnold Palmer of Cleveland, 138, and Frank Stranahan, 141.

Women amateurs—"Wiffi" Smith and Mickey Wright, each with 153.

Merchants Lose 5-4 To New Galilee

The pennant-holding Salem Merchants, suffering a let-down after clinching the title Monday, dropped a 5-4 tilt to New Galilee at New Galilee yesterday in County League play. It marked New Galilee's third win of the campaign against 20 defeats.

Salem has won the County League championship for three consecutive years. In 1952, they also won the playoff crown while last year they finished second in the playoffs.

New Galilee led 3-2 at the end of the first inning yesterday and each team scored a lone tally in the third and fifth.

Dick Wyss and Jim Barnes shared the pitching duties for Salem, Wyss fanning six men and Barnes, three. Clerci hurled for New Galilee and also led the hitting with three safeties.

Red Weingart was Salem's top hitter with a single and a triple. Salem catcher Charles Marks injured his finger in the sixth inning and required medical treatment.

Salem's last game of the regular season is scheduled Sunday at 2:15 at Centennial Park. Game time is 2:15; all players are requested to be at the park by 1:30.

Feller Checks Baltimore 9-4

Crowd of 19,000 Puts Indians Over Million

CLEVELAND (AP)—Of all the worrying being done about whether the New York Yankees can catch the Cleveland Indians, perhaps the lion's share should be done by the Yankees.

Both teams won again last night, the Tribe trouncing Baltimore 9-4 and the Yanks subduing Boston 8-2.

So far this month Cleveland and New York each has won 1 and lost three. Even if the Yanks had won all 14 of their August games, they'd still lack a fraction of a percentage point of being in first place, because they trail by four in the lost column.

Bob Feller, dean of the Indian pitchers, earned his 10th victory last night against only two losses. He won only 10 games in all of last season, and only nine in 1952.

It was one of Feller's rare night-game starts, and the Orioles nicked him for nine hits but four of those and two runs came in the final frame which started with the Tribe out in front 9-2.

Bob Turley, for whom the loss made a 9-12 record, failed to last the first inning when the Indians scored five runs on five hits, including a two-run double by Daye Pope and a two-run single by Sam Dente.

Pope hit his first homer of the year in the third, and Dente got his third run batted in with a single in the fifth. These hits were off Howie Fox, former National Leaguer, who got the last Indian out in the first inning then went the rest of the way giving up four runs on nine hits.

A crowd of 19,323 fans pushed the home attendance mark here above a million—1,012,653 paid to be exact. Attendance all of last season in Municipal Stadium was 1,069,176.

Early Wynn will make a third try for victory No. 16 today against Don Larsen, who has lost 15 against only three victories, two of which were over the Yankees.

In going down to their 10th straight defeat by the Indians, the Orioles scored a run in the first on Bobby Yung's double and Vern Stephens' single; another in the fifth on singles by Jim Diering and Fox, with an infield out between them; and two more with two out in the ninth.

Al Rosen, fresh out of a hitting slump, hit a double in the fifth after Vic Wertz's double to drive home one of Cleveland's runs.

Colonels Tighten Grip On AA Second
By The Associated Press
Indianapolis' Indians having made first place in the American Association a permanent home, Louisville's Colonels seem to be feeling the same way about the runner-up spot.

The Colonels boosted their second-place lead over Minneapolis and St. Paul to 4½ games last night with a 6-5 victory over the Millers.

Meantime, the Indians maintained their 1½-game edge over the Colonels with a victory over Columbus—by the identical 6-5 score.

In other Association activity: Toledo beat St. Paul 4-1 as Bert Thiel struck out six and allowed only six hits. Kansas City recorded its first shutout of the season over Charleston, 5-0, as Tom Gorman set the Senators down with four hits.

Andrade To Fight Abrams In Tv Bout
PHILADELPHIA (AP)—Young Cisco Andrade, who in less than three years has advanced from an Army boxer fighting for \$8 exchange vouchers to seventh challenging lightweight in the nation, seeks his 26th victory without defeat here tonight.

The 23-year-old Andrade is scheduled to go 10 rounds against Philadelphia's Bolden Abrams, former butcher boy who is advancing from the preliminary ranks to a nationally televised money shot.

The bout is part of the regular Saturday night TV boxing show (ABC) and will get underway at 8 p.m. (EST).

Andrade, born in Bell, Calif., of Mexican parentage, learned the boxing trade in the Army at Fort Ord, Calif. He turned professional in 1952 and won 19 consecutive bouts over a two-year period. He was held to a draw by Babe Herman before running up his current winning streak to six.

Bobo Olson Spars 8 Rounds In Training

NICE, Calif. (AP) — Middleweight Champion Carl (Bobo) Olson was scheduled for a rest today after boxing a total of eight hard rounds with three sparring mates yesterday in preparation for his Aug. 20 title fight with Rocky Castellani in San Francisco. It was his longest workout since he arrived at his training camp here.

At his training camp in San Rafael, Castellani worked three rounds each with welterweight Ernie Greer of Oakland and Mickey Mars of Cleveland.

Ban All Ohio Deer Hunting For '54 Season

COLUMBUS, Ohio (AP) — Several thousand deer get a break this year from the Ohio Wildlife Council. The council has decreed there will be no deer hunting season in Ohio in 1954.

The council announced its decision yesterday after considering two recommendations — one from a group of Ohio farmers and sportsmen who said there should be a deer hunting season and one from the state game management section, urging a ban.

Floyd Chapman, assistant chief

of the game management section, said the council followed the game management recommendation that Ohio's deer herds be given a chance to further increase their numbers through a suspension of hunting this year. He believes deer hunting "probably" will be permitted next year.

Some 4,000 deer were killed by hunters during the season last year, Chapman said, and about 500 died on the highways.

The Division of Wildlife approved final 1954 hunting regulations with dates and hours set for game and birds.

Season dates as announced by the division:

Squirrel: Open from Sept. 15 to Oct. 15. The daily limit is 4 and the possession limit after the first day, 4.

Rabbit: Nov. 15 to Jan. 1. Daily limit 4, possession limit 4. Hours, 9 a. m. to 5 p. m.

Pheasant: Nov. 15 to Dec. 4. Daily limit 2, possession limit after first day, 4. Hours, 9 to 5.

Grouse: Nov. 15 to Jan. 15. Daily limit 3, possession limit after first day, 6. Hours, 9 to 5.

Hungarian partridge: Nov. 15 to Dec. 4. Daily limit 2, possession 4. Hours, 9 to 5.

Migratory waterfowl: Ducks: Oct. 19 to Dec. 11. Daily limit 4, possession after first day 8. Hours, half hour before sunrise to sunset.

Geese: Oct. 18 to Dec. 11. Daily limit 5, possession 5. House, half hour before sunrise to sunset.

Coot: Oct. 18 to Dec. 11. Daily limit 10, possession limit 10. Hours, half hour before sunrise to sunset.

Night hunting: Raccoon: Nov. 1 to Jan. 31. Daily bag limit 4, possession limit 4. Hours, 6 p. m. to 6 a. m.

Opossum: Nov. 1 to Jan. 31. No limit. Hours 6 to 6.

Skunk: Nov. 1 to Jan. 31. No limit. Hours 6 to 6.

Trapping of furbearers: Muskrat and mink (Lake Erie trapping district): Dec. 1 to March 15. No limit and no hours.

Raccoon: Dec. 1 to Jan. 31. No limit and no hours.

Opossum: Dec. 1 to Jan. 31. No limit and no hours.

Skunk: Dec. 1 to Jan. 31. No limit and no hours.

Deer hunting: No open season.

Pirates Whip Phil's Twice; Philadelphia Shades Washington

By BEN PHLEGAR
Associated Press Sports Writer

Milwaukee's wild dash for the pennant has stolen much of the thunder from the current battle for first place between the New York Giants and the Brooklyn Dodgers.

By now the Braves have convinced the two top clubs that they are serious about this pennant business and the current three-game series in Brooklyn between the Giants and Dodgers finds both clubs looking over their shoulders for the onrushing Redskins.

They don't have far to look since the Braves closed to within 5 1/2 games of the top last night with a 5-2 triumph over Chicago after the Dodgers had whipped the Giants 3-2.

Milwaukee came back from a sensational road trip and staged a dramatic homecoming for an enthusiastic gathering of 42,820 well-wishers. Trailing through seven innings, they tied the score at 2-2 in the eighth, then triumphed on Del Crandall's three-run homer with one out in the ninth.

The victory was the 18th in 20 games for the Braves who have made up 10 games on the month-long running Giants in a month. Six weeks remain in the season.

The Brooklyn contest was a spine-tingler too, decided on a two-run homer by Carl Furillo in the seventh inning. Sal Maglie and Carl Erskine allowed a hit apiece through the first five innings. Brooklyn broke into the scoring column first, getting one run on a pair of singles and a sacrifice fly in the sixth.

The Giants came back with a pair of three-run homers by Don Mueller and Monte Irvin sandwiched around a single by Willie Mays. With a one run lead Manager Leo Durocher sent up a pinch hitter for the tiring Maglie and sent his No. 1 relief ace, Marv Grissom to the hill in the eighth. Gil Hodges greeted him with the single. Furillo followed with the game-winning homer.

Cleveland held its 2 1/2 game edge over the New York Yankees with a 9-4 verdict over Baltimore. New York whipped Boston 8-2. Chicago shaded Detroit 1-0 in a brilliant 16-inning pitching duel between Jack Harshman and Al Aber. Philadelphia edged Washington 3-2.

In other National League action Pittsburgh thumped Philadelphia twice, 9-5 and 5-0 and St. Louis overpowered Cincinnati 10-8, scoring six runs in the last two innings.

Aber and Harshman went all the way in the Chicago marathon, each allowing nine hits. Harshman struck out 12 and gained the victory when Minnie Minoso tripled with Nellie Fox on first in the 16th.

Bob Feller tamed the Orioles for his 25th lifetime victory. A five-run first inning kayoed Bullet Bob Turley, a youngster whose fire ball is supposed to blaze like Feller's did 15 years ago.

Enos Slaughter belted a bases-loaded triple as a pinch hitter in the sixth inning for New York and Whitey Ford coasted the rest of the way for the Yanks' fifth straight victory. Slaughter's blast came with the score tied 2-2. Phil Rizzuto added a two-run homer.

Tom Finigan collected three hits, stole home with the winning run and disabled the starting Washington pitcher as the Athletics broke an eight-game losing streak. A drive by Finigan hit Dean Stone on the wrist and the pitcher had to leave the game in the fourth.

Robin Roberts, a shutout winner in his last three outings against Pittsburgh failed to survive the fifth inning last night. Sid Gordon and Preston Ward blasted him for three-run homers. Rookie Vern Thies pitched a winning three-hitter in the second game.

Cincinnati hit four homers but lost out to the Cardinals as Wally Moon drove in the winning runs with a sinking liner in the ninth. Manager Birdie Tebbetts was tossed out for arguing that the ball was caught. Wally Post hit two homers for the Reds.

PONY GAMES POSTPONED
Because of the Eljer Co. picnic, all games in the Pony League scheduled for Monday have been postponed. They will be played Tuesday.

Answer: This is entirely up to the umpire's judgment. Obstruction or interference? It is one of the more difficult plays for an umpire to call.

Q. With two strikes on the batter, a foul tip hits the catcher's mask, but he catches it. Is the batter out?—Charley Hollenbeck.

A. No, and that would be the case if the catcher squeezed the ball against his chest protector.

Q. What happens when a batter is hit by a pitched ball as a teammate steals home?—Philip Jordan.

A. The runner returns to third base.

Butler Grange Upsets Tool 9-3

Paul & Joe Breaks Lisbon's Win Streak

For the third time this week, first place in the city Class AA softball league has changed hands.

Butler Grange upset Salem Tool 9-3 last night, allowing idle Demings to back into the top spot. In other action, Paul and Joe broke Lisbon's four-game winning streak, 8-6.

Tool and Demings will clash in the County softball tournament at 2 p. m. tomorrow at Kelley Field. Each team has lost one game in the double-elimination affair. Bliss, which is currently in fifth place in the city league, is undefeated in the tourney and favored to win the crown.

Butler 9, Salem Tool 3

Coming from behind, Grange took advantage of erratic fielding and Chuck Montgomery's three-run triple to bag the triumph.

Jim Laughlin got Tool off to a 3-0 lead in the first inning with a homerun with two on but Tool didn't cross the plate again for the remainder of the game.

Bill Herman, the losing pitcher, walked three men. Gale Stewart's hit accounted for two Butler runs in the third and Butler got two more in the fifth to take the lead as the Tool defense sagged. Montgomery's three-bagger sparked a five-run insurance outburst.

Jack Gottschling of Tool and Al Landwert and Stewart of Butler each had two hits.

Paul and Joe 8, Lisbon 6

Lisbon's four - game winning streak fell by the wayside in this tilt.

A pair of three-run uprisings in the first two innings got Paul and Joe off to a good start. A two-run homer by John Rottenborn, doubles by Dave Roller, Tom Ehrhart and Wheel Harrigan and a single by Roller accounted for the first six Paul and Joe runs.

Paul and Joe won the game with two runs in the fifth on Harrigan's triple and Rottenborn's double.

Lisbon tied the score at 3-3 in the first on Hank Siefke's three-run round tripper. Errors led to two of Lisbon's final three runs while Joe Siefke's double brought in the final one.

Monday, Old Timers and Leetonia Salem Tool and Bliss and Butler Grange and Mullins are pitted.

CIO 3816, Aldom's Diner Win Games

The first shutout of the season highlighted Pony League action at Centennial Park Friday evening as CIO 3816 swamped Mullins 13-0 and Aldom's Diner nipped Bliss 5-4.

Darryl Adams, pitching for the first time this season, spun a neat four-hit shutout for CIO 3816 over Mullins.

The winners smashed five home- runs during the contest, with catcher Lani Waiwaile hitting two of them. Adams, Wayne Hainan and Moe Messner each blasted one.

Adams also had a triple and Waiwaile added a third hit to his two four-baggers. Of CIO 3816's eight hits, five were homers and one was a triple.

In the other game, Hayes Convent of Diner won his seventh game of the season without a loss by nipping Bliss 5-4.

A two-run rally in the fifth frame brought the winners up from behind. Larry Brown and Larry Phillips of Bliss and Fred Stewart of the winners each had two hits to pace the batting.

Leetonia Sets School Term

Opening Is Sept. 7;
Grid Team To Report

LEETONIA — Village Board of Education met Wednesday when the resignations of the following teachers were accepted: Rita Probasco, home economics teacher in the high school who has accepted a job near her home at Wilmington; Frank Ault, English teacher in the high school for three years who will teach in the Mayfield Heights Schools.

The Board employed George W. King of San Bernardino, Calif. A graduate of Ohio State University and a recent G.I. Mr. King is married and they will make their home in Leetonia after the opening of the schools. Mr. King is replacing John Roper.

James Murphy and Arland Hively were employed as bus drivers.

The Board of Education granted Fairfield Township School the use of the local football facilities for their four home games this fall, Oct. 2-16-23-30, all Saturday evening dates.

Bus routes for the new school year were tentatively set up. People having children riding school buses will be informed of all changes before the opening of the school term. Two new 59-passenger buses will be added to the routes this fall, replacing buses formerly driven by Vernon Walters and Frank Stouffer. The addition of these buses and the new bus added in April increases transportation capacity.

THE 1954 FOOTBALL season will open Wednesday when Drs. Beaver and Conrad will examine the boys out for the football squad this fall. The 19th will be the Booster send-off for the members of the squads and the coaching staff. This is an annual event sponsored by the Community Booster Club. Practice will begin Aug. 20, which is the first day of practice authorized by

the Ohio High School Athletic Commission. Practice sessions will be set up by the coaching staff, consisting of Robert McNea, Joe Benzing, Tom McCutcheon and Raymond Williams.

The Leetonia Exempted Village Schools will open for the 1954 school year on Tuesday Sept. 7. There will be a half-day session and a teachers meeting on the 7th. The 8th will be the first full day of school, all school facilities will open on Thursday, Sept. 9.

Kindergartens will be operated as last year, two half-day sessions at the South Side School and a morning session at Washingtonville School, D. D. Rummel, superintendent of Leetonia Exempted Schools, says.

MRS. RAYMOND LEONARD. Mrs. George Wire and son George and Mrs. E. L. Gotthardt visited their brother Walter Kennedy and daughter, Mr. and Mrs. Everett Hall and family of Salem Thursday.

Mrs. J. J. Johnson of Poland and Mrs. Edith Gayett of Youngstown spent Thursday with Mrs. Bernard Hinerman, who is recuperating from a three weeks illness in Salem City Hospital.

Rebekah Lodge will sponsor a card party at the hall this evening. Carl Deffenbaugh, who has been serving in the Army for two years, has returned from Germany and is now discharged from active duty.

Missions

Continued From Page One

Cattells served on the staff of the American Friends Mission.

For the past year Dr. Cattell was executive secretary of evangelical fellowship, an interdenominational Christian voice for the whole of India.

The Cattells and the Moores are sent out by the Ohio Yearly Meeting which will hold its annual session at Damascus Aug. 24-29.

The Cattells worked among the village people in central India. The Moores, to be stationed at Chai Yi, Formosa, will minister to some 20,000 people in a city of 160,000.

Rev. and Mrs. Moore will be directly responsible to the missionary council of the Yearly Meeting here and to the missionary council of Formosa, headed by Rev. Charles Matti, who was on furlough here last year.

The longer tenure of the Cattells service in India, with only one furlough in the 18 years, is due to Dr. Cattell's specialized work. The Moores expect to be gone about six years. They will learn the Chinese Mandarin dialect after they reach their destination.

The climate of Formosa is simi-

lar to Florida, with last year's temperature not lower than 61 degrees. Rev. Moore points out. Since Formosa is short on beef, the Moores will take some canned beef and also condensed milk.

Since the Formosa mission work there is in its infancy they will take their home in rooms in the mission house for the present, but the church expects to purchase property soon for larger quarters. Succeeding Rev. Moore at East Goshen will be Rev. Ralph W. Blackburn of Cable, O.

the police station for assistance. Capt. George Earley hurried into the street to attempt to wave the car down, but the driver swerved toward Earley, narrowly missing him.

Earley fired two shots at the youth's vehicle which proceeded west on Pershing to Ellsworth Ave., north to State St. and west on State St. to Benton Road.

On Benton Road, the youth side-swiped a parked auto owned by Harold Ritchey of R.D. Salem. In front of Megert's Market, he pulled to the left side of the road and jumped out of the car, running across the field toward the Damascus Road.

Police fired several shots at the fleeing youth as he crossed the field. He fell and rolled after one shot, but police were unable to determine whether he had been hit.

Local officers and state highway patrolmen combed the area but could find no trace of him. Another search was made this morning, but to no avail.

The youth's auto, owned by Dorsetta Winters, 165 West Virginia St., Sebring, was impounded until this morning when it was claimed by its owner who stated that the vehicle had been loaned to a Sebring youth unidentified by police.

ZEPPELIN COMMANDER DIES
FRIEDRICHSHAFEN, Germany (AP)—Dr. Hugo Eckener, who commanded the Graf Zeppelin on its round-the-world flight, died at his home here today at the age of 86.

Greenford Ready For School Opening

The Green Township Rural Board of Education met Wednesday evening. All teaching positions are filled with the exception of home economics.

Clyde Sigle, Harold McIntyre and Mrs. Arden Lehman were hired for another year as custodians. Arrangements were made to have new playground equipment installed before the opening of school.

On Labor Day, Sept. 6, Sept. Johnson has called a teachers meeting at 9 a.m. On Tuesday, Sept. 7, school will begin with a full day's session. The cafeteria will be in operation.

The board awarded the Purity Dairy and the Continental Baking Co. contracts for this winter.

Three old typewriters will be replaced with new ones and a large typewriter will be purchased for use in the primary grades. Fence is being erected around the school lot.

Church Services Set
A guest minister, Rev. George Schuette will deliver the message, "The Lost Are Found In Christ," at the Lutheran Church Sunday at 10:30. He is a son-in-law of Mr. and Mrs. Dewey Bush.

Phillip V. Faust Jr. will speak on "Rob Not, Talk Not Evil," at the Christian Church at 11 a.m. In the evening his sister, Mrs. Elmer Faust will tell of her work as a home missionary in New York City.

Rev. Warren G. Zinn will deliver the sermon "Covet Not" at the Locust Grove Baptist Church at 11. In the evening at 8 the sermon is "Two Thousand Years Behind the Times."

Convicts

der. He waived hearing, was held in \$100,000 bail, and was returned here with the others.

The father of a small daughter, De Adder told his rescuers: "It was a terrible ordeal. They are five really tough customers. They were all right to me, though. They told me that if I minded my own business and didn't make a bum move I'd be all right."

"All night long all they talked about was 'what a smooth get-away' and 'it was the best break ever pulled.'"

"They didn't abuse me. They gave me a sandwich last (Thursday) night and another one this (Friday) morning. They didn't tie me up at any time. They didn't say what they were planning to do, either. It was really a night-mare."

Cherniavski was alone in the Pawtucket garage when four of the convicts walked in on him, stole a car and forced him to accompany them.

He said Couture and Feeney were in front, with Feeney driving, and that he was squeezed in back with Schworm and Halliday.

The convicts, four of whom escaped from the prison colony in a mass break May 25, overpowered guards Thursday night and grabbed De Adder as he sat in his car outside the prison and fled in the guard's auto.

A Pawtucket mill watchman gave authorities their first break in the intensive manhunt when he spotted the men moving behind his building. Police and FBI agents, their guns drawn, closed in.

Lavoie was found cowering in the grass. He surrendered without resistance.

The other four convicts had stolen the car about a block from the swamp. Using Cherniavski as a shield, they hurtled west on Route 44 at speeds up to 80 miles an hour.

Just across the Rhode Island-Connecticut line, the auto raced

through a road block. Connecticut State Trooper William Douglas leaped into a cruiser and gave chase.

A short distance from the road block, both cars tried to make a sharp turn at high speed. They careened off the road and skidded to stops.

Feeney and Couture leaped from their stalled auto and dashed into nearby woods.

Douglas, pistol drawn, cowered Schworm and Halliday and they gave up without a fight. Holding them at gunpoint, Douglas spread a radio alarm.

Reinforcements hustled into the area. Several shots were fired into the woods and Feeney and Couture emerged, hands in the air.

Senate

would count earnings from any source.

Lower Age Limit
The Senate also voted to lower from 75 to 72 the age at which all restrictions are lifted from outside earnings by beneficiaries.

Eisenhower had urged extension of coverage — now applying to 62 million persons — to another 10 million. He recommended that doctors be included, but neither house went along with him on that score.

There is considerable disparity in the types and numbers of persons who would be brought under social security under the Senate and House bills.

The House bill calls for coverage of 3,600,000 farm operators, about 400,000 professionals and 150,000 federal workers — all of whom were cut out of the Senate bill by the Finance Committee. Furthermore, the House bill would blanket in some 1,300,000 farm hands—about half the number provided in the Senate bill.

The Senate bill would cover some 3,500,000 state and local government employees and 260,000 clergymen on a voluntary basis. 250,000 domestics, 100,000 industrial home workers, 50,000 in the fishing industry and — added in amendments last night — funeral directors and missionaries outside the country.

Columbiana Courts
New Actions

Margaret Hazel Booth, Washington vs. Robert Booth, Salem RD 4; action for divorce, desertion.

Guy J. Mauro, guardian of the estate of Anne M. Smith, an incompetent, Salem vs. Carl A. Smith, Lisbon; action for alimony along a other relief.

Paul G. Downard, Wellsville, RFD 1 vs. Clarence H. Watson, Wellsville; action for money only in the sum of \$143.12.

New Entries
Farmers National Bank vs. Frank D. Bennett, et al.; judgment for plaintiff, foreclosure of mortgage allowed. Order of sale.

there were adequate safeguards to prevent an atomic monopoly through patents.

"The vital interest of the United States and the cause of world peace," he said, "make it a matter of utmost importance that the bill... be enacted" as is.

But this didn't convince a strong bloc of Democratic senators who said more safeguards were needed against possible private atomic monopoly. Joining them in rejecting the bill were five Republicans and Sen. Morse (Ind-Ore), while two Democrats voted on the other side.

He was understood to have expressed the view Communists abroad would be quick to spread propaganda picturing U.S. Reds as martyrs and victims of persecution. And he also reportedly feels the security of the country can best be safeguarded by avoiding steps which would force the Reds further into hiding.

The President had an opportunity here yesterday to talk the matter over with Brownell, who was Eisenhower's guest — along with other members of the Cabinet — at an informal meeting.

Mayor Denies Interest In Mrs. Sheppard

CLEVELAND (AP)—Mrs. Marilyn Sheppard, pretty victim of a brutal murder that will be six weeks old tomorrow, was "one of the purest girls I've ever known," the mayor of Bay Village told police yesterday.

Mayor J. Spencer Houk, tall, 43-year-old meat dealer, made that statement during a six-hour question session at Central Police Station.

He made it in reply to questions exploring the possibility he had a romantic interest in the slain woman. Police Chief Frank W. Story said.

Story said the suggestion came from Dr. Stephen Sheppard, brother of the 31-year-old woman's husband, Sam, who has been charged with the killing.

Dr. Steve, brought face to face with Houk during the questioning, heard the mayor call the suggestion "a lie." Story said. Not only that, but Houk clenched his fist and had to be restrained when he moved toward Dr. Steve, the chief added.

"If anyone ever made advances to her (Marilyn), he would never be a welcome guest at her home after that," the mayor said.

Story said that "after all this questioning and confronting, we found no reason to hold Mayor Houk as a suspect." The chief said that when he told that to Dr. Stephen Sheppard, the doctor answered "I'm very glad to hear that" and added he felt it his duty to tell the police of things that were accumulating in his mind.

It was the fourth time Mayor Houk had been questioned, and Story said the session added nothing of importance to what Houk previously had contributed. Earlier Houk had taken a lie detector test.

A neighbor and close friend of the Sheppards, Houk and his wife were among the first persons Dr. Sam Sheppard called to his home on the morning of the murder.

The Houks and Sheppards jointly owned a motorboat they used in Lake Erie and last summer took a vacation together in Canada.

Red Bill

party was passed by the Senate Thursday night by vote of 85 to 0. Sen. Humphrey (D-Minn.) led the successful surprise move which combined the outlawing provision with another anti-Communist weapon, the administration does want.

That other section of the bill, authored by Sen. Butler (R-Md.), aimed at wiping out Communist-controlled labor unions. It provides that labor or business organizations determined by the subversive Activities Control Board (sacb) to be Communist-dominated would lose their rights under the Taft-Hartley labor law.

Humphrey's proposal would provide maximum penalties of five years in prison and a \$10,000 fine for persons who willfully join or remain members of the Communist party and commit any act to carry out party purposes.

To Decide On Veto
Despite Eisenhower's reported opposition to outlawing the Reds, his aides declined to speculate on whether he would veto the combination bill if the House goes along with the Senate and approves it.

But the President was said to feel that such a measure would be most ineffective.

He was understood to have expressed the view Communists abroad would be quick to spread propaganda picturing U.S. Reds as martyrs and victims of persecution. And he also reportedly feels the security of the country can best be safeguarded by avoiding steps which would force the Reds further into hiding.

The President had an opportunity here yesterday to talk the matter over with Brownell, who was Eisenhower's guest — along with other members of the Cabinet — at an informal meeting.

Ike To Speak
President Eisenhower will address the Assembly Thursday. Some 15,000 persons are expected to hear his address in nearby Deering Meadow.

But the Assembly's scheduled event which is expected to draw the largest crowd will be a dramatic "festival of faith," a gigantic public worship service at Soldier Field Sunday night.

With favorable weather, leaders expect some 100,000 to attend the festival at the huge lake front arena. The festival, with a cast of nearly 3,000 participating in Music, pageantry and drama, will open with a procession by the delegates.

They will wear the vestments of ecclesiastical attire and carry flags of their countries. They will march to their places in Soldier Field grouped alphabetically by countries and by denominations within each national group.

There will be a 2,000-voiced choir, 400 actors and a 200-piece orchestra. The Council's five co-presidents will participate in the services.

Opening Worship Sunday
The co-presidents also will attend the opening worship services to be held at 10 a.m. EST Sunday in the First Methodist Church of Evanston, home of Northwestern University. General sessions will be held in Northwestern University's McGaw Memorial Hall.

Many of the church leaders have been here this week and several preliminary conferences have been held.

About 40 interpreters will come from New York and Geneva, Switzerland, World Council headquarters, to translate documents and interpret in meetings. Discussions at the meetings will be in three languages, English, French and German.

Many of the visitors are being housed in Northwestern dormitories and fraternity and sorority houses. About 100 foreign youth consultants are being housed by the university.

Driller Seeks Water, Strikes Oil Instead
DENISON, Tex. (AP)—A water well driller, completing a well 1 1/2 miles southeast of Denison, struck oil instead of water recently.

Driller J. L. McClure shut the well down Aug. 7 after bailing up a bucket of crude from 282 feet. He got in touch with the property owner, Jack Winburn, who swore him to secrecy until the find could be confirmed.

"We still need water," Winburn laughed.

Lisbon Approves \$500 For Street Project
LISBON — Council met in special session last night and appropriated \$500 as the village's share of the improvement of State Route 154 on W. Washington St. for a distance of three blocks.

The state highway department plans to improve the section yet this summer with an asphalt top.
